Invest in Human Truth-Centric Startups

Specific Problem | Developing Unique **Formula** for Scalability | Not Pivot, Potential **Evolvability**

Invest in go-to-market stage, looking not only at the product itself, but also the potential of the product.

- **Core Value Based Product**

We invest in startups that have high impact and scale potential on a global scale and that have the potential to create sustainable competitive advantage with their technology or business model.

- **Dramatically Misunderstood**

We work with founders who are trying to understand the underlying reason of the trends, working on real needs, developing current technologies.

Syndicate model, which reduces risk and facilitates co-investment.

- 3 portfolio startups with **higher valuations** of **\$10M**

- We invest with our investors in monthly online meetings **by evolve the startups** that we will add to our portfolio and reaching a common decision.

- The development and updates of the **startups are regularly presented** to all investors at least once a month as a report.

The opportunity to build and scale a business model infrastructure.

- **\$12M total raised** by all portfolio companies

- After 3-week evaluations, we invest by **co-investment or convertible note**.

- With our many years of experience, we work with founders **business model development and business infrastructure** opportunities.

Thank you!
